## PUBLIC SERVICE ANNOUNCEMENT

The City of Rio Vista is beginning a sewer and water pipeline replacement project that will occur in several areas as depicted on the map below. On June 5, 2017, the Contractor, Team Ghilotti, Inc., will begin exploratory digging and utility locating in these areas. This will be followed by the beginning of the water line construction on Drouin Drive and then in the Downtown areas on and around 4<sup>th</sup> Street. Traffic controls will be in place and residents are advised to travel slowly and carefully in the construction area. Temporary road closures will be needed. Access to residences will be allowed at all times. Any non-emergency water service interruption will be notified to the affected resident 48 hours in advance.

Some of the sewer repairs will require access to residents' back yards. Affected property owners will be notified separately by City Public Works Staff.
